

Suggested Tweets for HIP Partners focused on New French Translation of Briefs and International Youth Day

Quick Content! All Suggested Tweets Ready to be Posted

Monthly, we send you an updated social media guide on the High Impact Practices in Family Planning (HIPs) with the purpose of (1) increasing awareness and use of the HIP briefs, and (2) generating traffic on the HIP website. Please share!

This month's tweets are focused on two newly released French brief translations, Adolescent-Responsive Contraceptive Services (ARCS) and Digital Health for Family Planning Providers. Since we are sharing French resources, you will notice English tweets with accompanying French translations. As August 12 is International Youth Day, some of the ARCS-focused tweets are ready for you to tweet on this day in either language.
